The Republican Party supports:

Fully fund and staff the Veterans Health Administration (VHA) to ensure the continuation and expansion of this high-quality healthcare available to veterans at VHA facilities - quality healthcare that they deserve.

Require that the VHA have full oversight of Veterans Community Care Program treatment and treatment records and require all VCCP healthcare personnel to meet the same high-quality competency standards required at Veterans Health Administration facilities including the unique competency required to treat veterans for Post-Traumatic-Stress-Disorder, Traumatic Brain Injury, Military Sexual Trauma and risk for suicide.

Create a program to award grants to eligible entities for the provision of suicide prevention services to veterans and their families, including tribally designated housing entities, community-based organizations, and other private entities that meet certain requirements.
