

UPDATED PICKET LINE LOCATIONS & TIMES

• Morning shift: 7:30am-1:00pm • Afternoon shift: 12:00pm-5:00pm

PLEASE NOTE THE UPDATED SHIFT TIMES AND PICKET LOCATIONS

From February 19-25, there will be small picket lines maintained throughout the day (see hours above) at all HP locations where SEIU Healthcare MN members work.

However, we encourage you to join a picket line at one of the following five locations:

HP Corporate Office

8170 33rd Ave. S
Bloomington, MN 55425

Specialty Center 401 & 435, & Neuroscience Center

295-435 Phalen Blvd.
St. Paul, MN 55130

Woodbury Medical Clinic

8450 Seasons Pkwy
Woodbury, MN 55125

Como Clinic

2500 Como Ave.
St. Paul, MN 55108

Wabasha Clinic

205 Wabasha St. S
St. Paul, MN 55107

NOTE: picket lines will start 15 minutes prior to clinic assistant shifts, to protect union workers with early starts – but the standard picket-line shifts for members for strike pay will be the ones listed above. Of course please feel free to come early and stay late!

There will be two picket-line shifts each day. To be eligible for a day of strike pay, you will need to sign in at the start of a shift and participate until its end. You will also need to fill out a simple W-9 employment form, so that the union can make a payment from our strike fund directly to you, either by check or direct-deposit.

On the two weekend days of the potential strike (Sat. Feb. 22 and Sun. Feb. 23), there will only be picket lines at those HP clinic locations with Urgent Care hours. The union will post a separate flyer with that information closer to the start of the strike. Those not regularly scheduled weekend hours (the vast majority of members) are not expected to participate in the weekend picketing (though again, you are of course very welcome to!).

Questions? Please call your union's Member Action Center at 651-294-8100.
